

XBRL Workshop: I-Aware

Objective:

To acquire working level knowledge of XBRL including

- Introduction of XBRL
- Basic concepts of XBRL
- XBRL Implementation in India and abroad, and
- Latest developments in the XBRL space specifically covering MCA Mandate on XBRL.

Duration :

1 day (6 hours)

Target Audience:

Candidates at the STRATEGIC level who will be more involved in Decision Making. The program is for those who need to know basics of XBRL and the ways in which they can meet the MCA mandate.

Basic understanding of financial and accounting concepts and terminologies, and regulatory framework in India could be of help but is not essential.

Infrastructure Requirements:

Training would be conducted using standard multi-media tools.

Batch size:

Minimum – 30 participants

Maximum – 40 participants

Program Schedule:

Training would be mostly through presentations and demos. The exercises are to be solved in hardcopies.
